📄 PROFILE

As a senior at the Faculty of Computer Science and an experienced backend developer, I bring a comprehensive understanding of software development principles and a proven track record of delivering high-quality solutions. With a strong foundation in programming languages such as Java, Python, and SQL, I possess the skills necessary to design and develop robust backend systems. My experience includes collaborating with cross-functional teams to gather requirements, and implement efficient code. I am adept at troubleshooting and optimizing performance, ensuring seamless functionality and user satisfaction. With a passion for continuous learning and staying up-to-date with industry trends, I strive to contribute innovative ideas and drive impactful outcomes.

🎓 EDUCATION

Computer Science & AI
Helwan University
2020 – 2024 | cairo, Egypt
